

EXCURSIONS AND SERVICE EVENTS POLICY

Mandatory – Quality Area 2

PURPOSE

This policy will provide guidelines for the Stables Kindergarten to plan and conduct safe and appropriate excursions and service events

POLICY STATEMENT

1. VALUES

Stables Kindergarten is committed to:

- providing opportunities through the educational program for children to explore and experience the wider environment and broader society
- ensuring that all excursions and service events are accessible, affordable and contribute to children's learning and development
- ensuring the health, safety, and wellbeing of children at all times, including during excursions and service events
- providing adequate supervision of all children during excursions and service events.
- promoting road safety education and safe active travel for children.

2. SCOPE

This policy applies to the Approved Provider, Persons with Management and Control, Nominated Supervisor, Persons in Day to day Charge, educators, staff, students on placement, volunteers, parents/guardians, children and others attending the programs and activities of Stables Kindergarten, including during offsite excursions and events.

3. BACKGROUND AND LEGISLATION

Background

Excursions and service events are planned to extend the educational program and further develop the current interests of children. The *Victorian Early Years Learning and Development Framework* (refer to *Sources*) states that "Participating in their communities strengthens children's sense of identity and wellbeing" (Outcome 2: Children are connected with and contribute to their world). The purpose and educational value of each excursion or service event should be clearly communicated to parents/guardians.

When planning excursions and service events, it is important to ensure that they are inclusive of all members of the service community. Consideration must be given to any extra costs involved and the ability of families to pay these costs. Consideration must also be given to ensuring that all children can attend regardless of their abilities, additional needs, or medical conditions (refer to *Inclusion and Equity Policy, Dealing with Medical Conditions Policy, Asthma Policy, Anaphylaxis Policy, Diabetes Policy and Epilepsy Policy*). Clear procedures must be developed and followed, and these should be communicated to parents/guardians.

A risk assessment must be carried out for each excursion to determine any risks to children's health, safety or wellbeing before permission is sought from parents/guardians (Regulations 100, 101). The risk assessment must identify each risk and specify how the risk will be managed and/or minimised (Regulation 101). Written authorisation for the child to attend the excursion must be obtained from a parent/guardian or person named in the child's enrolment record before the child can be taken outside the service premises. For details regarding information to be included in the written authorisation, refer to Attachment 1.

Active travel excursions near the service have a range of benefits including:

- children and staff being physically active
- providing the opportunity to practice road safety
- engaging with the community.

Early childhood road safety education aims to reduce the risk of serious injury and death from road trauma. It also aims to lay the foundations for children to become safe and independent road and transport users in the future. Road safety education is an important part of a holistic approach to keeping children safe around traffic and in the road environment. Effective traffic skills are best learnt if they occur in a real environment i.e. using crossings and traffic lights.

Legislation and standards

Relevant legislation and standards include but are not limited to:

- *Education and Care Services National Law Act 2010*
- *Education and Care Services National Regulations 2011*
- *National Quality Standard*, including Quality Area 1: Educational Program and Practice and Quality Area 2: Children's Health and Safety

4. DEFINITIONS

The terms defined in this section relate specifically to this policy. For commonly used terms e.g. Approved Provider, Nominated Supervisor, Regulatory Authority etc. refer to the *General Definitions* section of this manual.

Adequate supervision: (In relation to this policy) **supervision** entails all children (individuals and groups) in all areas of the service, being in sight and/or hearing of an educator at all times including during toileting, sleep, rest and transition routines. Services are required to comply with the legislative requirements for educator-to-child ratios at all times. Supervision contributes to protecting children from hazards that may emerge in play, including hazards created by the equipment used.

Adequate supervision refers to constant, active, and diligent supervision of every child at the service. Adequate supervision requires that educators are always in a position to observe each child, respond to individual needs and immediately intervene if necessary. Variables affecting supervision levels include:

- number, age and abilities of children
- number and positioning of educators
- current activity of each child
- areas in which the children are engaged in an activity (visibility and accessibility)
- developmental profile of each child and of the group of children
- experience, knowledge and skill of each educator
- need for educators to move between areas (effective communication strategies).

Attendance Record: Kept by the service to record details of each child attending the service including name, time of arrival and departure, signature of person delivering and collecting the child or of the Nominated Supervisor or educator (Regulation 158(1)).

Excursion: An outing organised by the education and care service. The written permission of parents/guardians or a person named on the child's enrolment record as having lawful authority must be obtained before educators/staff take children outside the service premises.

Under the National Regulations, the definition of 'excursion' does not include an outing organised by services operating from a school site, where the child/ren leave the service premises with an educator/staff member, but do not leave the school site.

Risk assessment: (In the context of this policy) a risk assessment must identify and assess any hazard that poses a risk to a child's health, safety and/or wellbeing while on an excursion, and specify how these risks will be managed and/or minimised (Regulation 101). Risk assessments must consider:

- the proposed route and location of the excursion
- any water hazards (refer to *Water Safety Policy*)
- any risks associated with water-based activities (refer to *Water Safety Policy*)

- transport to and from the proposed location of the excursion (refer to *Occupational Health and Safety Policy*)
- the number of adults and children participating in the excursion
- the number of educators or other responsible adults who will be providing supervision given the level of risk, and whether or not specialised skills are required (e.g. lifesaving skills)
- the proposed activities, and the impact of this on children with varying levels of ability, additional needs, or medical conditions
- the proposed duration of the excursion, and the impact of this on children with varying levels of ability, additional needs, or medical conditions
- any items/information that should be taken on the excursion e.g. first aid kit, emergency contact details for children, medication for children with known medical conditions (such as asthma, anaphylaxis and diabetes) and a mobile phone.

A sample Excursion Risk Management Plan is provided on the ACECQA website at:

www.acecqa.gov.au (search *Sample forms and templates*)

Regular outing: (In relation to education and care services) means an excursion (refer to *Definitions*) such as a walk, drive, or trip to/from a location that the service visits regularly as part of its educational program, and where the circumstances covered by the risk assessment are the same on each trip. If an excursion is a regular outing, an authorisation from parents/guardians is only required to be obtained once every 12 months. A new authorisation is required if there is any change to the circumstances of the regular outing.

Service event: A special activity, event, visitor or entertainment organised by the education and care service that may be conducted as part of a regular session at the service premises or as an excursion.

Supervision: refer to **adequate supervision** in *Definitions* above.

Excursion & Event - Permission Form

Date:

On Thursday 22nd September 2011 Red Group from the Stables Kindergarten will be going on an excursion to the St. Francis of Assisi Primary School Library (next door).

Our purpose for the excursion will be:

- To gain information and adjust to new experiences by reading and listening to stories in a Primary School environment
- Expand the children's imaginations and creativity
- Learn about the importance of print as a means of communication
- Gain exposure to books and storytelling helping children understand that their feelings, fears and questions and problem solving are not unique to them.
- Acquiring a love for books can be one of the most powerful incentives for children to become engaged readers

The excursion will leave from the kindergarten at 9:30am and return to Stables Kindergarten at 10:45am, and the children and adults involved in the excursion will walk to the school.

As we envisage 30 children attending, there will be 2 staff members participating in the excursion, as well as adult/parent/guardian volunteers. We would like to provide an overall adult-to-child ratio of 1 adult to 3 children.

A risk assessment has been conducted for this planned event and will be available for you to view next to the sign in book.

All parents/guardians/volunteers participating in the excursion event will be required to have a current Working with Children Check and will be under the direct supervision of a qualified staff member while assisting in the supervision and care of children on the excursion.

We ask that you remain contactable (keep your mobile phone on) throughout the course of this excursion

Siblings of children attending the Kindergarten will not be able to attend.

The cost of the excursion is nil.

I give permission for _____ (child's name) to attend the excursion to St Francis of Assisi Primary School Library on Thursday 22nd September with Stables Kindergarten.

Regular Outing - Permission Form

Date:

I, _____ (*name of person with lawful authority as stated on the child's enrolment form*) give permission for _____ (*child's name*) to leave the Stables Kindergarten with a staff member on routine outings throughout 2019.

These outings may include:

- walking next door to St. Francis of Assisi Primary School, 290-312 Childs Road – Mill Park to continue fostering the children’s literacy and accessing the music room and library. Visiting classrooms, singing songs and getting to know the classroom environment
